

If one American CAN battle cancer, a nation CAN defeat it.

This Spring, the American Cancer Society Cancer Action Network launched the 2008 *Fight Back Express*, which will roll over 25,000 miles to remind our lawmakers that they must make cancer a top national priority.

Whether the bus is coming to your door or will be thousands of miles away, please

take a moment to share with us your Message of Hope and be part of the over 3 million ACS CAN volunteers who are making their voices heard in the fight against cancer!

Sign the Fight Back Express!
I'm adding my Message of Hope to the bus:

Signed: _____
